Call to Order - John Mumford, Zoe Grandy, @ 6:08

Approval of Minutes - Sam Brown, Zoe Grandy

## Student Report:

- Spirit week before Christmas was enjoyable, and the grade level assemblies were hilarious.
- Christmas Dance went pretty well with a couple of blips.

Volleyball Students vs Teachers fun, but the students want a rematch. Thought it was funny to play We are the Champions afterwards to celebrate the teachers win.

- Questions about recycling - There is a lot of garbage around and not a lot of garbage cans around. **Do have green bins in the cafeteria and people go around and pick up things. There is a Green meeting coming up. There have been talks about getting compost outside by one of the teachers. There are several outside, but there have been talks about having more outside.**
- Lunch tokens are not always delivered to every class, sometimes classes are missed. **LC students are divvying them out to the classes. Sometimes they run out of tokens. If they are not received, please tell the office to know so that we can correct this.**

## Principal's Report January 14, 2026

### SAC Annual Conference - November 28

- Questions were brought up about buses arriving late which would be any time after 8:35 PM. Busses have been better since the break.
- Asking SAC about what sort of data they may like to see. There was a breakdown of the categories that we use when dealing with the code of conduct. Recognizing the new categories.
- Change with the code of conduct allows us to have a main category and a secondary category that it falls under.

## **Purchase Requests:**

**Chris Dupuis - Looking for novels to help increase literacy engagement. Looking for \$200 - \$300. **Approved****

**Math Subs - From admin. Hire a math teacher on a regular basis to give support to teachers or to relieve teachers to work with students. Not sure of the cost, it would depend on ½ day or full day and for how long. Probably \$3000 - \$4000. **Approved for \$4000****

**Student Support Grant - Score Clock - but we are looking at getting a smaller clock that is more cost efficient. Asking for roughly \$2200 **Pause to see if we can get a better price.****

## **SSP:**

**Information was handed out about our literacy and math goals, and how many students are and are not meeting expectations. Levels 1 and 2 are not meeting, and levels 3 and 4 are meeting. Information was also provided about indigenous and ANS students and the levels of these students meeting and not meeting the outcomes.**
